Objectors To Work On Forest Projects In Lake Tahoe Area

Camps for 165 Men Set Up In South Tahoe Area For Duration.

AL TAHOE, June 18— Two camps for conscientious objectors have been established in the Lake Tahoe area.

The main camp, accomodating 150 men, was opened June 1 at Snowline near the Echo Summit. The second, which will house about 15 men is situated at the El Dorado Public Camp at Al Tahoe.

Chief Ranger Robert Dasman said the men in these camps will serve in somewhat the same capacity as the Civilian Conservation Corps. They will work under the general supervision of the U. S. Forest Service for the duration of the war, repairing roads and trails and doing any other necessary work. Dasman stated that as far as he knows, the forest service has planned no new roads or trails construction this year.

BIDS ON LOCAL ROAD WORK TO BE OPENED DURING NEXT WEEK

Bids for the repairing and resurfacing of the Truckee-Tahoe highway from three miles north of Tahoe City to the junction of Highway 40 will be opened June 24, according to advices from the State Chamber of Commerce, through Fred C. Tatton, manager of the Sacramento Valley district.

While the estimate was not contained in the letter, it was previously estimated a nearly $150,000.

The project provides for a net length of 10.9 miles to be repaired by placing a blanket of plant-mixed surfacing and reconsrtuction of the shoulders with improved borrow.

The three miles north from Tahoe City were repaired last year.

Nevada City Woman Is Candidate For Treasurer

Miss Elma Hecker, deputy county treasurer and tax collector for the past 17 years, announces her candidcy for the office of Treasurer and Tax Collector for Nevada county in this issue of the Sierra Sun.

Miss Hecker was first appointed deputy in this office under William T. Garland, then tax collector. Garland resigned his position to take a position in the banking world in August, 1926. Upon the resignation, the board of of supervisors appointed Mr. Frank Steel, then deputy county clerk and auditor under the late George Coughlan, to the unexpired term of treasurer and tax collector.

Miss Hecker was appointed by Mr. Steel immediately and has acted as his chief deputy ever since that time. Therefore on the 10th of June, Miss Hecker completed exactly 17 years as chief deputy.

Frank Steel recently announced that he would not seek the office for the coming term due to ill health and would be very happy to sponsor and work for his deputy to be elected by the people of the county.

Upon her past experience in the office and promising to continue the same policy of service in the future that has been manifested in the past, Miss Hecker announces her candidacy.

Recent High School Grad Marries Soldier in Reno

Miss Leta Tennis, 18, daughter of Mrs. Millie Tennis of Truckee, recently became the bride of Pvt. George K. W. Hurshberger, 24, of Wood River, Ill., in a simple ceremony performed in Reno.

The bride is well known in the younger set of Truckee, having been a graduate from Meadow Lake Union High School here this month.

Civil Air Patrol Works to Maintain Truckee Airport

With the assured cooperation of the Truckee Chamber of Commerce, the Truckee Flight of the Civilian Air Patrol, local unit of a nation-wide organization designed for first line civilian defense, will bend every effort to maintain the Truckee airport after July 1 when the schools now being conducted by the Placer Flying Service concludes.

Captain Charles B. Rich of Sacramento, group commander for the area from Inyo county to Oregon state line, was conferring with local chamber of commerce and C.A.P. officials this week in an effort to smooth out minor difficulties which might prevent the continuation of the field as a civilian airport.

D. E. Hibbard, chief pilot for the Placer Flying Service, has been acting as commander of the Truckee Flight of the C. A. P., but is expected to leave to become an army trainer after July 1. His successor will be named by Ben V. Curler, superior judge of Lassen oourty, a combat flyer in the last war, who is in charge of squadrons in four counties including Nevada. Gene Barton has been active in the program to keep the field here open and is devoting efforts to have it established permanently.

The field is considered by flyers as excellent and it is understood that a good many pilots, grounded in the combat area of the state, will take advantage of the local port if it can be maintained.

Anyone desiring to participate in the C.A.P. may contact Barton as it is necessary to have a minimum of 27 members to complete the desired program.

Brother Of Truckee Man Named Head Of Selective Service

Major Kenneth Leitch Is Named By Governor To Succeed Donovan.

Major Kenneth H. Leitch, brother of A. P. Leitch, manager of the local telephon office, this week was named by Governor Olson to succeed Brig. Gen. Joseph O. Donovan as state director of selective service.

Donovan resigned to become a candidate for congress in the 20th district in Los Angeles. Major Leitch, a frequent Truckee visitor, had been executive officer under Genral Donovan in the selective service system and is a resident of Sacramento.

Leitch is a native of San Jose and is the son of Mrs. Harriett Leitch of that city. He is married and has a 2½ year old daughter.

Major Leitch issued the following statement upon learning of his appointment:

"The selective service system for the state of California has won wide praise under General Donovan.

"I have been fortunate indeed to have served under General Donovan's supervision as executive officer. His desire for impartial and fair treatment to all is known to the thousands of people who are engaged in the selective service work in California.

"General Donovan has enjoyed the complete confidence and cooperation of all of his fellow workers, and it is my desire to maintain the policies and organization which were established by him.

"I consider it a deep honor and privilege to follow in General Donovan's footsteps and deeply appreciate the great confidence placed in me by my superiors."

Stoll Seeks Re-Election To District Attorneyship

Vernon Stoll, Nevada county's district attorney for eight years, during which the people twice voted their confidence in his work, announced that he would be a candidate to succeed himself at the primary election, Tuesday, August 25.

Stoll, a native of Red Bluff, graduated from the University of California and Boalt School of Law. He came to Grass Valley in the late twenties to engage in general law practice, which culminated in his election to the district attroneyship in 1934 and again in 1938.

The duties of the office include not only criminal prosecution, but being legal advisor to the county and all its agencies, and preparation of legal forms and documents. During his incumbency, Stoll has proven himself an able administrator worthy of the job.

His terms have included years of varying economic charges including the last years of the great depression and the early years of spending to recovery which brought with them peculiar problems of law and law prosecution, all of which he handled with marked ability.

Since the outbreak of war, Stoll has been entrusted with the responsibility of the office of Regional Coordinator in charge of civilian protection in Tuolumne, Calaveras, El Dorado, Amador, Placer, Sierra and Nevada counties. He is chairman of the Nevada County Defense Council and has personally taken courses of instruction from the FBI and the U. S. Army civilian protection schools in Sacramento.

County Gets Money From Gasoline Tax Allotment

State Controller Harry B. Riley today apportioned $16,919.59 of gasoline tax money to Nevada county for the quarter ended March 31. The allotment was made on the basis of a motor vehicle registration of 6,158 in this county.

Riley said the apportionment was part of a total distribution of $14,283,707 of gasoline tax revenue. Of the total he apportioned $4,761,236 to the 58 counties of the state; the balance of $9,522,471 he deposited in the state highway fund for highway construction and maintenance.

Of the latter amount $2,380,618 will be apportioned later to cities for highway work to be done either by the cities themselves or by the division of highways on thoroughfares within cities.

Each day the importance of keeping the ground observation posts operative becomes more and more apparent. The Japs are hard pressed to save face and an invasion of the continental United States is threatened. The army and navy depend entirely upon these posts to keep them advised of the movement of planes, both friendly and otherwise and the slackening off for even a few minutes may prove fatal to the welfare of the country. No post is more important than its neighbor They are all units in one of the most important of defense programs. Unless you are now taking part in the work in your community, contact your chief observer and volunteer; don't leave the job for someone else because someone else may be leaving it for you.

If there one thing we can all share in, it is the salvage of rubber. There is not a home in the whole area which does not have some rubber which is not being used for vital purposes. It can be put to use in one of the greatest causes the world has ever known. Just scout around gather all you can, urge your neighbor to do likewise and take every ounce to your service station. You will be paid for rendering a valuable service. Do it today. Then buy war bonds and stamps with the money received.

County Recorder Files To Retain Office At Election

On the simple platform of service as a public officer, John E. (Jack) Nettell has announced his candidacy for re-election to the office of Recorder of Nevada county.

The capabilities of the recorder have been well displayed in the manner in which he has handled his office, showing an attentiveness, exactness and obliging willingness that has marked the conclusion of a successful term. Incumbent Nettell was elected to his present office four years ago on the platform he repeats today—"to the best interests of those he serves."

The duties of county recorder and the volume of work uring the past four years has placed this office well in line as one of the major offices of county government. Through this office passes the magnitude of official papers and documents, dealing with affairs of the courts, property transfers and all matters wherein public record must be lawfully established. The compilations of the innumerable volumns which go to make up this valuable information is in trust and care of the recorder and accuracy must be his watchword.

Nettell has been the recipient of many compliments upon his close attention to the affairs of his office.

Scrap Rubber Drive Locally Brings In Tons

Boca Man Makes Largest Haul As Committee Is Organized Here.

Thousands of pounds of scrap rubber have been salvaged in Truckee and Lake Tahoe during the first few days of the nation-wide drive to assure sufficient rubber to carry out the war effort.

In order to better effect the salvage project here, the oil company men, in whose hands the big job has been placed, have organized themselves for the purpose of securing every pound of available rubber in the entire district.

At a meeting Tuesday, Ernest Panelli was chosen as chairman of the salvage committee and Harold T. Langille of the Rotary Oil & Burner Company is in charge of the publicity to see that everyone gets acquainted with the plan to turn in old rubber at any service station, where a standing offer of a cent a pound has been made. Glen Robinson was named to contact governmental agencies and Charles Brunk will contact commercial accounts. V. L. Deaton is secretary of the group.

Each day the various oil company officials report the total collection for that day so the government may keep an accurate account of every available pound beinng gathered.

The government wants every ounce of rubber not actually in use and have asked that everything that looks like rubber be submitted to the service stations.

Several huge hauls have been made in this district. Frank Cozzalio of Boca turned in 2500 pounds the first day and other large and small amounts were reported by the various stations. Up until Tuesday night, 13,128 pounds were reported collected in Truckee.

One incident which shows the willingness of the people to cooperate was recited by Langille who brought in a load from Lake Tahoe Monday. Two women spent one day in a junk heap near their home, stripping rubber heels from discarded shoes. They turned in 23 pounds of rubber thus salvaged and with other items were paid a total of $5. This they took to the post office where they purchased a $5 defense stamp.

The drive will continue until July 1 and everyone is asked to scour their homes and surroundings so that none may be missed.

EDITORIAL

CAN YOU VOTE?

July 16 is the deadline date for California citizens to register to vote in the August primaries. After July 16, it will be too late.

That makes the day one of importance to every responsible citizen. This year, the ballot is a weapon for the defense and security of California — a weapon which every Californian at home must use to the best of his ability, just as the soldier overseas has the duty to use rifle and machine gun to be best of his ability.

California lies in a military combat zone in this total war. What precautions shall be taken in making California life and property as safe as possible in the circumstances, what plans shall be adopted and carried out by law, what leaders shall be vested with authority—as governor of California, and in numerous other public offices where intelligent and resolute leadership is essential in this year of war—must be determined by the voters at the polls.

Soldiers, sailors and marines are eligible to vote, provided they would be eligible as civilians. That is to say, a man properly registered in his home county may use his absentee ballot from any point in the United States, just as if were a civilian unable to be home on election day. He must, however, be in the United States. A soldier in a foreign country—Ireland, Iceland, Australia—cannot vote.

So, whether civilian or soldier, it is the Californian's duty to register for the most vital election in our history as a state.

Make sure you can vote. Then make sure you do vote.

DAD HAS HIS DAY

Father's Day, on June 21, ought to remind us that Dad—though seldom figuring in the news in his capacity as head of the family—is certainly not one to be overlooked. It was, we suspect, to accord the "silent partner" of family life just recognition that Father's Day was first originated.

At any rate, there should be no disputing the rightness of a day in his honor next Sunday. Dads, by the millions, have given their sons to the armed services. Not a few themselves are now enrolled in the fighting forces. Legions of them are fashioning the tools, weapons and machines of war.

Virtually everyone of them is quietly wrestling with the biggest tax bills mortal man ever knew, gamely seeking to spare his family all avoidable hardships. His quota of worries and responsibilities has jumped sharply in the past year, but it's not his style to make a fuss over it. Nor is it his style to expect anyone to remember him particularly next Sunday. He may consider such a "day" a lot of foolishness.

But we have a hunch he'd be pleased no end if, on Father's Day, you gave him some token of remembrance.

JAPAN PAYS

According to the Chinese Ministry of Information, Japan's losses in China, up to the end of 1941 exceeded 2,000,000 killed and wounded. This staggering toll of casualties, which failed to deter Japan from launching war in the Pacific, shows the extent to which a nation, wholly organized for total war, may suffer huge losses and yet continue to wage war. Even at the price of 2,000,000 casualties, Nippon has failed to achieve her conquest of Chna. It is the plan and the determination of the United Nations to see that she never does.

DON'T WAIT UNTIL WINTER

Government officials are again urging that all consumers fill their coal bins as soon as possible. There is no coal shortage and there won't be—the coal industry is completely able to fill war demands and normal demands alike. But, if we wait until winter before ordering, a serious strain on our transportation systems will result. So if you use coal, call your dealer.

MY PLACE IN THE SUN

by DOUG BARRETT

The youngsters and the not-so-youngsters of Truckee—along with the rest of the nation—are busy this week responding to the President's appeal for scrap rubber to be salvaged for the Victory effort. It is a great opportunity for the young people of the community to pick up a little spending money on the side. Any service station will pay a cent a pound for any scrap rubber—rubber dog bones, rubber balls, old fishing boots, leaky hot-water bottles, leaky hose, old rubber soles and heels, ad infinitum. Or, if you don't need the cent a pound, you can donate your old rubber to the drive to take the axe out of the Axis by bringing it to the service stations and it will go on record as such. Your attic, closet, basement or garage probably is an untapped rubber mine—investigate it.

Walt Loynd's dog Duke may impress some folks as not being overly ambitious but a little incident that occurred last week proves that he has the stamina to stand up with the best of hunters. Walt—as most of you know—has charge of the Loynd's Truckee Drug Tahoe City and Kings Beach stores. Last week he took Duke up to Kings Beach with him and when he got ready to come home in the afternoon, the hound was no where to be found, so Walt came on without him. About 11:30 that night Duke came ambling up to the Truckee store. The only route he had ever traveled was around through Tahoe City and that only in the truck—a distance of 26 miles. Of course he was a pretty tired dog but then you try a 26-mile hike and see how much life you have left.

to save precious rubber for the war effort, the director of Defense Transportation issued a general order to service industries which says:

1.—We cannot make more than one stop at each customer's residence in any one day. This means to pick up your laundry, your bundle must be ready and available when we call. To deliver your laundry, we must make collections at the time of delivery. If these rules are not complied with, we must postpone delivery or pickup until the next day

2.—We cannot give any special delivery service. This means any requests, other than our regular delivery service, cannot be granted.

3.—We must reduce our truck mileage 25 per cent each month below what it was the same month last year. This means we must re-schedule our delivery service in each territory.

This is a government order, we must comply with it

CATHOLIC CLERGY HOLDS RETREAT AT GLENBROOK FOR FOUR DAYS LAST WEEK

GLENBROOK, June 18— Twenty-six priests and bishops of the Catholic church, mostly from the Nevada diocese, spent four days last week on the annual retreat at Glenbrook Inn on the Nevada shore of Lake Tahoe. Right Rev. D. F. Desmond, bishop of Alexandria, La., served as retreat master, with Bishop Thomas K. Gorman of Reno assisting.

An unusual feature was the fact that for the first time in the history of the retreat, two masses were said by two bishops in the same room at the same time. Bishop Desmond and Bishop Gorman carried out this ritual daily throughout the period of the retreat.

DR. PEDERSEN PROMOTED TO RANK OF LIEUT. COLONEL

TAHOE PARK, June 18— Happy and proud indeed was Mrs. Christian B. Pedersen of Tahoe Park this week who, on Thursday last received word of th promotion of her popular doctor-husband from major to lieutenant colonel. Dr. Pedersen came to the Tahoe area first in 1930 when he was employed as residen physician for Tahoe Tavern. He has spent each summer since in the lake region, having built a lovely home in the Tahoe Park tract. Winters were spent as resident physician at Castle Hot Springs in Arizona. His promotion comes after less than two years of service at Fort Douglas, Utah, in the surgeon's office.

YOSEMITE-TAHOE STAGE STOPS

SAN FRANCISCO, June 18— The state railroad commission this week received an application from the Yosemite Park & Curry Co. to suspend all stage service between Yosemite and Lake Tahoe and intermediate points during the war. It was stated in the application that the ation was approved by the Interior Department under whose jurisdiction it operates; that traffic will be light for the season July 1 to Sept. 1; and that the move is a rubber conservation measure.

AWARDED CITIZENSHIP

AUBURN, June 18— Citizenship was granted 15 applicants in the superior court Saturday and was restored to three widows who had lost their rights through marriage to aliens. Among the new citizens was Stein Nielsen of Tahoe Pines.

Tahoe Schools

On Friday last two films were shown for the children of the Tahoe Lake school in the auditorium—The Road to Victory and Royal National Parks, a film of Canada's recreation spots.

Among visitors at the school last week was L. A. Smith, principal of the Monte Rio school, who was accompanied by Jack Scott of Auburn. Smith spent an hour or more discoursing with the grammar school children and proved a most entertaining guest. He was teacher of the Tahoe school 48 years ago, in a little schoolhouse then located in a small grove across the highway from the home of Mrs. Nina Rogers. He told of the conditions existing then, of the heavy winters which few ever remained here to experience, of the when in August a terrific snow storm struck this area imprisoning thousands of flickers(small birds inhabiting the area) which found it impossible to fly against the wind and snow and died in the snow. He told of coming to the Tahoe area at about the time that logging operations here were ending, and praised the beauties of Tahoe which, he said, have been enhanced immeasurably since his early day residence, due mostly to the increased growth of the timber and vegetation. While Smith was under the impression that his school of early days was first at Tahoe, other oldtimes dispute this, saying the first school in the Tahoe City area was a reconditioned fisherman's shack which was moved from the hsoreline near the damsite to a spot near the location of the present lumberyard in town. Smith declared he usually remained until October, when folks began moving out for the winter, then, when only one pupil appeared for lessons, he, too, packed his bags and departed.

Trustees of the Tahoe Lake school last week were given a demonstration by Mrs. Myrtle Gallinger of the new Picturol Projector, an inovation which now augments the visual education system of the schools. Although they enjoyed and approved the projector, it is not likely that the Tahoe district will enjoy one this year, due to its cost. Pupils will, however, occasionally enjoy its merits since it may be borrowed from time to time from Auburn.

The public is cordially invited to attend the unusual Variety Show being staged Friday evening at 8:00 p.m. in the auditorium of the Tahoe Lake School. The performance will be called Our Book of Favorites and will be presented in a most unique manner, the huge pages of a book being used as a backdrop to introduce the players. It will be the grammar school's closing exercises and promises an evening of genuine entertainment. There will be musical selections, both solo and chorus, and Shirley Ables will offer a real Hawaiian dance, in authentic costume of the Islands. Skits from Tom Sawyer and Robin Hood and other children's tales will be highlights of the program. The Tahoe Lake School orchestra will render several musical numbers to start off the entertainment under the able direction of their instructor, Otto Fox. Mrs. Myrtle Gallinger is in charge of the production and hopes for a full house on Friday evening. Graduates who will receive diplomas include Billy Callender, Peg E Stuart, Robert Stark, Georgia Wallace, Bette Wheat, Shirley Ables and Betty Renner.

Miette Pedersen has been in the sick list since Friday last with a slight fever which kept her confined to her bed over the weekend.

Members of the Tahoe high school group enjoyed a weiner roast on Friday afternoon last on the lakeshore. About 25 attended. Chaperones included Mrs. Beulah Carnell, Mrs. C. O. Wheat and Mrs. Palmer. All repaired to the school for an evening of dancing following the jolly repast.

TAHOE NEARS HIGH WATER MARK, TRUCKEE ON TEAR AS SNOWS BEGIN TO MELT

TAHOE CITY, June 18— Snow run off caused by sudden hot weather in the Tahoe area is wreaking havoc with train tracks, summer cabins built near the river and bridges and trestles, All along the Truckee River water is rising, sweeping everything along with its swift currnt that lacks resistance. On Monday morning the lake had risen to 6228.94 feet perilously close to the high water mark set for Tahoe by the federal government at 6229.10 feet.

W. A. Simmonds, in charge of the dam gates at Tahoe City, on Monday early was ordered to release 1400 CSF through the gates, but damage which resulted all along the Truckee both in the Truckee- Tahoe area and in the Reno area as well, sent a flood of protests into the office of Harry C. Dukes, federal watermaster at Reno, who then ordered the flow reduced to 1208 CSF.

Near Rampart station a foot bridge already has been half washed away, an at Big Chief camp cabins recently erected were surrounded by water and made inaccessible. Tracks were inundated and parts of bridges, too, with fear being expressed that further highwater may cause additional damage generally.

SACRAMENTO— The Lake Tahoe Water Conference, composed of California and Nevada representatives, will meet today (Thursday) at Bijou to consider a proposal for holding the lake at a level not to exceed 6229.1 feet elevation.

A. M. Barton, chief engineer of the California Reclamation Board, is chairman of the conference. Other California members are Henry Lyons, El Dorado county district attorney; Henry Droste of Tahoe City and Charles Young, Tahoe resort owner.

Mrs. Yvonne Keyes of Stockton arrived this week to augment the summer staff employed at the local telephone office.

The Tahoe Gun Club held regular pistol target practice on Tuesday afternoon last at their grounds atop the ridge near town.

FIRE FIGHTING COURSE TO BE OFFERED TAHOE RANGERS

TAHOE CITY, June 18— On Tuesday evening last the Placer County Rangers, presided over by Bill LaMarr, met at the community center hall earlier than usual to receive special instructions in fire fighting. Lowell Sparks, district attorney of Placer county, gave an interesting talk on civilian defense and H. I. Snider, district forest ranger from Truckee, discoursed on methods of fire figting and led in a demonstration. It had been planned to start an actual fire for practical firsthand action, but wind made this impracticable.

On Sunday, June 20, crew leaders will gather for special instructions at Tahoe Park camp grounds to be given by Rangers Arntzen and Preece of Tahoe and Jack Torernean and Emery Proebstel, and possibly Mr. Snider, of Truckee. Those members who will be instructed as foreman of fire fighting crews include J. E. Pomin, Carl Bechdolt, Sr., C. A. Tollefson of Big Chief, Robert Wallace, D. C. Turnage, A. M. Henry, Sr., Fred E. Setley, Lee Garner, G.J. Ballard of Tahoe Vista, Paul Crandall of Tahoe Park, W. Reindfleisch of Kings Beach and Tom Doherty of Brockway. Bill Mocock, new camp cook for the rangers at Tahoe Park who hails from Ely, Nev., will prepare a special dinner for the boys to be served at the concusion of the instruction period.

TAHOE FISHING NEWS

TAHOE CITY, June 18— Fishing news at Tahoe continues good, with nearly all excursions on the lake proving successful. The back country streams, however, remain too muddy and swift for good fishing as yet. The Truckee in spots has yielded some good catches but this week is running too high and full for comfort.

Junior fishermen who have had success during the past week were Allen Arntzen of Tallac and Jimmie Swanson of Sunnyside who on Sunday both caught limits of brook trout. On Saturday, Allen brought in a nice pair of mackinaws which weighed six and three pounds respectively. He accompanied Thomas Haines of Tahoe camp grounds in his boat, a veteran fisherman who always knows where to find the big ones....Otto Fox and son, Buddie, brought in the limit last week end after a successful excursion on the lake.

TAHOE RED CROSS

Mrs. E. W. Bliss on Monday announced a small amount of wool yarn has been received for the knitting of navy sweaters and watch caps. Any one desiring to aid in the work should contact here at Tahoe City 77.

Tahoe women are meeting every Tuesday in the community hall to sew th ditty bags being made and serviced now. Mrs. Bliss said that anyone wishing to furish a ditty bag could donate 90 cents, which is the cost to the Red Cross for all articles contained in the bags. Since stocks are limited and some articles often available, those wishing to assist may donate instead.

Mrs. Bliss and Mrs. E. C. Rogers attended the meeting of the North Tahoe Red Cross last Wednesday, June 10, at the Andy Sorenson home.

Tahoe Folks See Pet Show At School Grounds Mond'y

TAHOE CITY, June 18— Rarely do citizens of Tahoe enjoy the novelty of a pet show such as the one staged Monday afternoon in the gradens of the Tahoe Lake School. Judges for the occasion were Mrs. Bliss Hinkle and Mrs. Martha Burns. Their reviewing stand was a vantage point on the stone steps leading down into the groundns, where the entrants and thier pets formed a simeicircle before them. Spectators numberd 40 or more. The show opened with a parade in a large circle. Each in turn presented his pet, gave its name and put it through its paces, pointing out any unusual feature. While a few were borrowed for the occasion, nearly all belonged to the children sponsoring them. Every pet took a ribbon for some meritorious quality. Following is the lineup and results:

Oldest Cat: Boots, calico cat, by Georgia Wallace.

Youngest Dog: Cinders, mixed cocker spaniel and shepherd, by Shirley Ables.

Peppiest Dog: Snappy, fox and wire hair terrier, by Clifford Dockham.

Arnold C. Dupy, the stage driver who was seriously injured at the time of the accident in which Chris Boyiaredes was killed, has been dismissed from the San Francisco hospital to which he wa taken, in apparent good health once more. He visited friends at Tahoe last week, stopping en route to Reno.

Mrs. D. M. Brodehl and daughter, Violet Pomin, her houseguest for several weeks, spent Tuesday in Reno. Mrs. A. M. Anderson was a Reno visitor Monday.

Grammar school will be dismissed for summer vacation on June 19 and Tahoe high school on June 24.

Allen Atherton wrote his father at Tahoe on Monday that he has accepted a position as accountant in the office of the Permanente Magnesium plant near Palo Alto and will probably remain there until he can enter the armed forces.

Mr. and Mrs. Harvey Palmer of Oakland enjoyed Sunday and Monday at Tahoe where they were the houseguests of Mr. and Mrs. Nace Firpo at Lake Inn. On Monday, Mrs. Firpo's mother and father, Mr. and Mrs. George Slater of La Jolla, arrived to enjoy a week's vacation with them.

Mr. and Mrs. Ben Stanley of Tahoe, departed on Monday for Oakland and the bay region where they plan to spend a month's vacation.

Members of the Tahoe Women's Club will meet on Thursday, June 18, for their regular meeting at the community center hall. Election of officers will be held. Mesdames Carl Wheat, Joe Duffee and Chas. Swanson are on the nominating committee. Cake and coffee will be served after the business meeting.

Mrs. D. M. Brodehl entertained at breakfast Sunday Lieutenants Floyd Tansing and Daniel Olivier of the army air corps.

Miss Beccy Brodehl returns to Tahoe from Seattle Saturday for the summer.

Mrs. John Pingree of Tahoe was overjoyed last Saturday to receive a call from he son, Philip E. Asal from San Diego. He called to assure his mother that he was all right and uninjured. His ship, the aircraft carrier Lexington, was sunk in the battle of the Coral Sea recently.

Mr. and Mrs. Richard Kirman of Reno are among those enjoying the summer weather at their attractive home near Pomin's Resort these days. Frequent visitors are their daughter and her husband, Mr. and Mrs. Wallace Taber, also of Reno.

Tom and George Bonona, partners in business with Nace Firpo in Lake Inn and the Golden Cafe in Oakland, have turned over their interests to a new manager while they learn the business of soldiering at Camp Callen. Last heard from the boys were being educated in the intricacies of peeling potatoes on K.P. duty.

M. Guterris of the Truckee River paid a $10 fine recently for fishing without a license.

Holmes for Coroner

(Continued from Front Page)

past president.

The candidate conducts two modern and beautifully appointed mortuaries, one in Grass Valley and one in Nevada City. Coroner's inquests can be held with equal facility in either of the two cities. This is regarded as an important service to the county.

During his long career in the coroner's office it never has been the practice of Mr. Holmes to scrimp in the matter of the burial of indigents, particularly those reaching life's end at the county hospital. The policy he has established and adhered to of foregoing buril in a common cemetery at the hospital in favor of some resting place more in keeping with the earlier standing of the deceased persons and their oft-times notable public services, will be continued, he declares. This policy has been guaranteed by his purchase of cemetaries between Nevada City and Grass Valley. Thus the more unfortunate are assured a dignified resting place outside the "potter's field."

Out of experiences gained in long years of serving the people and countless instances of concessions and charities to distressed families, the county coroner feels he is fully qualified and temperamentally suited for the office, which because of its nature, is closer to the people than perhaps any other office in the understanding and sympathetic manner which he believes is the people's due.

Father of Tahoe People Dies in Colorado Home

TAHOE CITY, June 18— The infirmities of old age last week claimed the life of Amos Brown, 89, of Yuma, Colo. He had been in poor health for some time and his passing was not unexpected. His two daughters, Mrs. Keen Tackett and Mrs. Roy Stark of Tahoe had recently motored back to Colorado to visit him, his death occurring shortly after their return here. He leaves eight grandchildren, four of them living at Tahoe, his two daughters and a son, Sim Brown of Tahoe, and two other daughters, Miss Minne Hitchcock and Mrs. Stella McKenzie of Overland, Kansas.

Rubber Drive At Lake Is Success, Reports Show

TAHOE CITY, June 18— The scrap rubber drive at Tahoe appears to be off with a bang. At Tuesday noon some two tons of rubber had already been turned in at Carl Bechdolt's Standard Oil Station in town. At Henry's Garage between 200 and 300 pounds are on hand. Any rubber donated to the drive means that the amount of money which would have been paid for it will go to the Navy Relief Fund.

not only by himself, but also by his very capable deputies, Mrs. Anna Tucker and Gertrude E. Wilde of Nevada City, who, too, have devoted their best efforts in the interest of the public.

The candidate promises continuance of fullest service and attentiveness to duties if returned to the office of Recorder.

W. D. Sherrill of San Fernando is enjoying a ten-day stay in jail at Auburn as a guest of the county rather than pay a fine. He was arrested by Game Warden Bill LaMarr for fishing in the river with two poles. When brought before Judge Evelyn Bliss at Tahoe City, he denied the charge, but could not give a satisfactory answer to the charge.

ROTTEN SHOOTING

SACRAMENTO, June 18 —(U.P.)—Associate Engineer Charles M. Ennis has two explanations for a phenomenon noted during the construction of Sutter Hill Ranger Station in Amador County.

In burning brush and trees from the 10-acre stationsite, several pounds of melted lead always were found in the ashes.

Ennis says the only plausible explanation is that dove and quail hunting formerly was so good in the area and marksmanship of the hunters so poor, that the trees were peppered heavily with buckshot.

The only other possible reason for the presence of lead, said Ennis, is that the trees received the bullets intended for Indians, once vry prevalent in that area.

What You Buy With WAR BONDS

The power of the greatest Navy in the world, our own two-ocean fleet, rests in large measure on its backbone—the Battleships of the Line. They displace approximately 35,000 tons and cost up to $70,000,000. We have something like a score of these huge ships in the Atlantic and Pacific.

Eight huge battleships are under construction and more are contemplated. To finance these modern goliaths of the sea it is necessary for every American everywhere to buy more and more War Bonds. We can do it if everybody does his share. Invest at least ten percent of your income every pay day to help your county go over its Bond Quota. *U. S. Treasury Department*
